Volume 10 · Number 1 · June 2013

ORIGINAL ARTICLES

Delignification pattern of wood decay by white rot fungi in teak (*Tectona grandis* L. f.)

P.K. Nagadesi · A. Arya · S. Albert 1

Evaluation of *Tetraclinis articulata* essential oil from Algeria flora as a potential source of antifungal activity and study of its chemical composition

F.Z. Abi-Ayad · M. Abi-Ayad · H.A. Lazouni · S.A. Rebiahi 9

Influence of growth, wood anatomical properties and specific gravity on heartwood, sapwood and tension-wood in *Dalbergia sissoo* Roxb.

P.K. Pande 16

Effects of Dioctyl phthalate and density changes on the physical and mechanical properties of woodflour/PVC composites

S.B. Hosseini 22

Kiln drying for bamboo culm parts of the species

Bambusa stenostachya, *Dendrocalamus asper* and *Thyrsostachys siamensis*

T.K.H. Tang · J. Welling · W. Liese 26

Wood density variation in four plantation species growing in Bangladesh

Md.Q. Chowdhury · Md.R. Khan · Md.A.H. Mehedi 32

Determination of juvenile and mature transition ring for fast growing sengon and jabon wood

W. Darmawan · D. Nandika · I. Rahayu · M. Fournier · R. Marchal 39

Wood dimensional stability and extractives as reasons for termite and fungal resistance of the lesser known *Albizia malacophylla* Kenyan wood species

S. Kibet · P. Sirmah · F. Mburu · F. Muisu 48

Evaluation of process variables effect on the bursting strength of newsprint, printing and writing paper
A. Bayatkashkoli 55

Effect of concentration of coupling agent on mechanical properties of coir-polypropylene composite

A. Nandi · A. Kale · N. Raghu · P.K. Aggarwal · S.S. Chauhan 62

Phosphine fumigation for control of bamboo borer, *Dinoderus minutus* Fab. infesting bamboo culms and products

O.K. Remadevi · T.G. Revathi · N. Gunasekaran 68

Utilization of recycled poly vinyl chloride (PVC) in combination with wood particles and urea formaldehyde resin as binder to produce multi-layer particle board

K. Thanigai · A. Sangeetha · C.N. Pandey · M.C. Kiran · V. Prakash 72
