R.V. Rao 1

ORIGINAL ARTICLES

A study on the optimization of thickness of rails and stiles of panel door shutters

A. Nandanwar · M. Venugopal Naidu · C.N. Pandey 3

Relationship between total extractive content and durability of three tropical hardwoods exposed to *Coriolus versicolor* (Linnaeus) Quellet

C. Antwi-Boasiako · J.R. Barnett · A.J. Pitman 9

Chemical composition and bactericidal evaluation of essential oil of *Tetraclinis articulata* burl wood from Morocco

M. El Moussaoui · A. Talbaoui · S. Gmouh · M. Aberchane · A. Benjouad · Y. Bakri · D.P. Kamdem 14

Pre-freezing as a pre-treatment for thermal modification of wood. Part 2: surface properties and termite resistance

L. Awoyemi · T.O. Femi-Ola · E.Y. Aderibigbe 19

Effect of finger tip area on the compression strength of finger jointed sections

V.S. Kishan Kumar · N.K. Upreti · A.K. Khanduri 25

Pre-bleaching of mixed hardwood pulp with sulphuric acid

D. Weley Siddhartha · P. Kumar · S.P. Singh 30

Low resin medium density fiberboard made from chemical activated hardwoods fibers

K. Doosthoseini · H. Zarea-Hosseini · P. Moradpour 36

The contradictory effect of drying internal checks and moisture changes on the ultrasonic propagation in poplar wood (*Populus nigra*)

A. Tarmian · S. Eshaghi · H. Gholamiyan 43

Regression models on the age-affecting and microfibril angle of *Acacia mangium*

N. Abdullah · T.A. Tabet · F. Aziz 49

Wood-straw composites bonded with various UF: EMDI formulations: the effect of fortification level

A.N. Papadopoulos 54

Using Na⁺MMT nanoclay as a secondary filler in plywood manufacturing

K. Doosthoseini · H. Zarea-Hosseini 58

Prediction of bending strength and stiffness strength of particleboard based on structural parameters by Buckingham's p-theorem

M. Arabi · M. Faezipour · M. Layeghi · A. Enayati · R. Zahed 65

Chemical constituents of the essential oil from *Dysoxylum malabaricum* Bedd. wood of Western Ghats, India

S. Mohan · R. Ezhumalai · S.H. Jain · G. Ravikumar 71
